

The National Child Traumatic Stress Network Center for Rural, Frontier and Tribal Health and Telehealth Idaho presents:

## Children's Traumatic Stress and Mental Health Virtual Grand Rounds

An interactive, five part series that will be video-cast to locations all throughout Idaho. National and regional speakers will cover topics on children's traumatic stress and mental health research, education and prevention. Health professionals, state agency personnel, private providers and family members who work with or have an interest in children's traumatic stress and children's mental health are invited to attend.
